

K-Love serves my community with 24-7 Christian music and educational services. I listen in my car and at work every day. It is positive music with a message that I need and that others need on a daily basis. It makes my day better and more productive. If I could not listen to K-Love because it was displaced by a LPFM broadcaster I would not be as positive to others or feel as hopeful. I feel that K-Love is in the public interest because it provides a commercial free positive station alternative that is not available anywhere else. It would be a great loss to our community and to those who support this station if the LPFM stations were allowed to take priority.
